

42nd European Cyclotron Progress Meeting

University of Jyväskylä
27-29 May 2024

First Announcement

Dear Colleagues,

On behalf of the organizing committee, I invite you to attend the next European Cyclotron Progress Meeting (ECPM2024) that will be held at and hosted by University of Jyväskylä, Finland on May 27-29, 2024.

The European Cyclotron Progress Meeting is devoted to the physics and technology of cyclotrons, their applications in science, medicine and industry, and to related topics. Status reports on existing facilities as well as innovative developments and progress reports on evolving projects are welcome. The meeting will have oral and poster sessions and authors are invited to submit abstracts from 1 January to 31 March 2024.

The venue will be at the Physics Department (JYFL) Accelerator laboratory on the beautiful Ylistö campus near the Lake Jyväsjärvi, just 2 km from downtown Jyväskylä. The nearest accommodation is Hotel Alba just 500 meters from the venue.

More information about the registration, fees, schedule, accommodation and travel options will be given in detail and regularly updated on the dedicated website at <https://www.jyu.fi/en/events/ecpm2024>

We hope that this meeting will be an opportunity for fruitful and inspiring scientific discussions.

Looking forward to meet you at ECPM2024.

Please forward the information to your colleagues potentially interested to the Conference Topics.

Taneli Kalvas
ECPM2024 Chairman
