RESEARCH NOTIFICATION

Name of study: Immigrant Families as Consumers of News and Media (MaMe)
Controller: University of Jyväskylä

You are asked to participate in a study about immigrant families' practises, experiences and perceptions related to the use of media and news. We seek families to participate in this study where at least one parent or caretaker has been born outside of Finland, and where there is at least one child who lives at home and is between the age of 12-20.

Participating in this study is voluntary, and no fee will be paid for participation. You can refuse to participate in this study or cancel your participation at any time.

The data collection for the study will take place in 2022. The data collected in the study include interviews and media use logs, for example by using diaries kept by the participants. The data is treated confidentially. Your identity will not be revealed to anyone outside the research team. The *privacy notice* includes a description of the processing of personal data. Participating in the study does not entail a reward.

The research findings will be disseminated via scientific and popularized presentations and publications. The anonymised data may also be utilized in teaching.
