

Subject associations

- Subject associations are for students who share a particular subject as a major. Each Finnish study programme in the University of Jyväskylä has its own subject association.
- Subject associations' main task is to look after the needs of the students of their subject. This includes both the supervision of their members' interests in their faculty and the organization a wide range of free-time activities from cultural events to parties and sports events
- University of Jyväskylä has 40 subject associations, which you can find Student union website.
- We do recommend you to join subject associations, they are the closest to university community where you can join.
- If you want to know more your subject association you can contact the international board member or the chair of the board.
- Also your tutor should know which association you belong so you can ask them too!

Hobby associations

You can find the hobby associations in the JYY website!

There is associations in

- Music
- Sports, nature and hiking
- International organizations
- NGOs and politics
- Other associations

[Associations and hobbies - Jyväskylän yliopiston ylioppilaskunta \(jyy.fi\)](https://jyy.fi)
