

| Classification of sports facilities in the Lipas system |  |  | 18.1.2022     |              |          |
|---|--|--|---------------|--------------|----------|
| Code  | Type of sports facility                                    | Attribute  | Main category | Sub-category | Geometry |
| 0   | Recreational destinations and services                     |  |               |              |          |
| 1   | Recreational and outdoor areas                             |  | 0             | 1            |          |
| 101   | Neighbourhood park   | In population centres, in or near residential areas. Intended for daily use. Used for play, recreation and walks. Plan symbol VL. E.g. a playground.   |               |              | Area     |
| 102   | Leisure park   | Used daily, max. 1 km from residential areas. Intended for walks, play, recreation, jogging and cycling. There may be bicycle and pedestrian traffic across the park. May consist of park, forest, fields, meadows, bodies of water. Symbol V or VL.   |               |              | Area     |
| 103   | Outdoor area   | On the edge of population centres or zoned within population centres. 1-10 km from residential areas. Used for e.g. walks, skiing, jogging, swimming. Serves usually recreational needs within one municipality, offers versatile sports facilities. May include forest, swamp, fields, natural areas and park areas. Symbol VR. |               |              | Area     |
| 104   | Hiking area  | Located further away from population centres, accessible by car. Complex network of paths and routes. Use concentrated during weekends and holidays. Often serves several municipalities. Symbol VR.   |               |              | Area     |
| 106   | Multipurpose area with recreational services               | Agricultural and forestry areas that (based on the right of public access) are also used for recreation can be called multipurpose areas. In particular, these include unbuilt shores and agricultural and forestry areas close to population centres. Symbol MU.  |               |              | Area     |
| 107   | Tourist services area                                      | Area reserved for tourism and holiday centres, holiday villages, hotels, etc., also including internal traffic routes and areas; services and recreational areas needed for operations, as well as technical maintenance areas. Symbol RM.   |               |              | Area     |
| 108   | Recreational forest  | Recreational forest designated by Metsähallitus. E.g. scenic value is considered in forestry. Source of information Metsähallitus.   |               |              | Area     |
| 109   | National hiking area                                       | Established based on the Outdoor Recreation Act for hiking and recreational use of nature. Source of information Metsähallitus.  |               |              | Area     |
| 110   | Wilderness area  | Areas located in northernmost Lapland, established based on the Wilderness Act (1991/62). Source of information Metsähallitus.   |               |              | Area     |
| 111   | National park  | Nature conservation areas whose establishment and purpose are based on legislation. Min. area 1,000 ha. Source of information Metsähallitus.   |               |              | Area     |
| 112   | Other nature conservation area with recreational services  | Nature conservation areas other than national parks and natural parks. Only nature conservation areas with opportunities for recreation. E.g. protection areas established on municipal and private land. Symbol S, SL.  |               |              | Area     |
| 113   | Fishing destination (area)                                 | Area suitable for recreational fishing. May have service structures.   |               |              | area     |
| 2   | Hiking facilities  |  | 0             | 2            |          |
| 207   | Info   | Information point or starting point of a route, recreation area etc. Map of the route or area included, possibly also parking area.  |               |              | Point    |
| 204   | Nature observation tower                                   | Structure built for nature observation. E.g. bird observation tower.   |               |              | Point    |
| 201   | Fishing destination (point)                                | Destination suitable for recreational fishing. May have service structures.  |               |              | Point    |
| 205   | Boat dock  | Place intended for landing by boat, no services provided.  |               |              | Point    |
| 203   | Boating services   | Facilities related to boating. Specified in 'attributes'.  |               |              | Point    |
| 206   | Cooking facilities   | Campfire or cooking shelter.   |               |              | Point    |
| 202   | Camping  | Camping site for tents or other encampment.  |               |              | Point    |
| 301   | Lean-to, goahti (Lapp tent shelter) or 'kammi' earth lodge | Daytime rest stop for hikers.  |               |              | Point    |
| 302   | Hut  | Open hut, reservable hut, rest hut, day hut. Overnight resting place for hikers. An open hut is freely available; a reservable hut locked and subject to a charge. A day hut is for daytime use.   |               |              | Point    |
| 304   | Outdoor/ski lodge  | Rest area for regular daily sports, for daytime use.   |               |              | Point    |
| 1000  | Outdoor fields and sports parks                            |  | 1000          |              |          |
| 1100  | Neighbourhood sports facilities and parks                  |  | 1000          | 1100         |          |

|             |  |  |             |             |       |
|-------------|--|--|-------------|-------------|-------|
| 1110        | Sports park  | A sports park is an area including several sports facilities, e.g., different fields, beach, a jogging track, a multi-purpose hall, a playground. 'Lipas' contains information both on the sports park and the individual sports facilities found there. The sports facilities are listed as individual items in the classification. |             |             | Area  |
| 1120        | Neighbourhood sports area  | A neighbourhood sports area is intended for daily outdoor activities and exercise. It is a small area located in or near a residential area, with free public access. It usually provides different exercise/play facilities. May also be a school/nursery school yard.  |             |             | Point |
| 1130        | Street workout park  | Contains fitness and street workout equipment, "outdoor gym". This includes fitness stairs. May be part of a sports park.  |             |             | Point |
| 1140        | Parkour area   | An area equipped for parkour.  |             |             | Point |
| 1150        | Skateboarding/roller-blading rink                                      | An area equipped for roller-blading, skateboarding, kick scooting.   |             |             | Point |
| 1160        | Cycling area   | For cycling and stunting, e.g. BMX or dirt-biking.   |             |             | Point |
| 1170        | Velodrome  | For track racing outdoors (velodrome).   |             |             | Point |
| 1180        | Disc golf course   | Track built for disc golf.   |             |             | Point |
| <b>1200</b> | <b>Athletics fields and venues</b>                                     |  | <b>1000</b> | <b>1200</b> |       |
| 1210        | Athletics training area  | The various sports venues are specified in properties, also individual venues.   |             |             | Point |
| 1220        | Athletics field  | Field, track and athletic venues/facilities. Centre, tracks, surfaces, venues specified in properties.   |             |             | Point |
| <b>1300</b> | <b>Ball games courts</b>   |  | <b>1000</b> | <b>1300</b> |       |
| 1310        | Basketball court   | A field equipped for basketball, with fixed or movable apparatus. 'Mini-court' and 'one-basket court' included in additional information.  |             |             | Point |
| 1320        | Volleyball court   | A field equipped for volleyball. Fixed volleyball apparatus.   |             |             | Point |
| 1330        | Beach volleyball court   | Beach volleyball court, soft basement. May also be located far from a beach.   |             |             | Point |
| 1340        | Ball field   | A field intended for ball games. Sand, grass, artificial turf, etc., size varies. One or more types of ball games possible.  |             |             | Point |
| 1350        | Football stadium   | Large football field, stands. Can host at least national-level games.  |             |             | Point |
| 1360        | Baseball field   | Finnish baseball field, may include stands. Can host at least national-level games. Sand, artificial turf / other synthetic surface, > 50 x 100 m.   |             |             | Point |
| 1370        | Tennis court area  | One or more tennis courts in the same area. Number of courts, surface material, etc. specified in properties, including information about a potential hit wall.  |             |             | Point |
| 1380        | Roller hockey field  | Field equipped for roller hockey.  |             |             | Point |
| 1390        | Padel court area   | One or more padel courts in the same area. The court has an artificial grass surface and its measurements are 20 x 10 metres. The walls must meet the requirements for the sport. May be covered.  |             |             | Point |
| 1395        | Table tennis area  | One or more outdoor table tennis tables in the same area. The table must be positioned so that there is enough space for playing. The table must be suitable for the sport.  |             |             | Point |
| <b>1500</b> | <b>Ice sports areas and sites with natural ice (ice-skating sites)</b> |  | <b>1000</b> | <b>1500</b> |       |
| 1510        | Mechanically frozen open-air ice rink                                  | Mechanically/artificially frozen open-air field. Field size, equipment, rink, lighting, etc. specified in 'attribute data', as well as information about multi-use fields.   |             |             | Point |
| 1520        | Ice-skating field  | Field intended for ice-skating.  |             |             | Point |
| 1530        | Rink   | Rink intended for ice-skating, ice hockey, rink bandy, etc.  |             |             | Point |
| 1540        | Speed-skating track  | Track size and length specified in properties.   |             |             | Point |
| 1550        | Ice-skating route  | Built yearly in the same area, e.g., in a sports park or on frozen lake/sea.   |             |             | Point |
| 1560        | Downhill skating track   | Permanent track built for downhill skating.  |             |             | Point |
| <b>1600</b> | <b>Golf courses</b>  |  | <b>1000</b> | <b>1600</b> |       |
| 1610        | Golf training area   | One or more areas for golf training. Outdoors.   |             |             | Point |
| 1620        | Golf course  | Official golf course. Number of holes included in properties.  |             |             | Point |
| 1630        | Golf training hall   | Training space built for golf. Size specified in properties.   |             |             | Point |
| 1640        | Minigolf course  | A course built for miniature golf, accepted by the Ratagolf Union.   |             |             | Point |
| <b>2000</b> | <b>Indoor sports facilities</b>  |  | <b>2000</b> | <b>2000</b> |       |
| <b>2100</b> | <b>Fitness centres and sports halls</b>                                |  | <b>2000</b> | <b>2100</b> |       |
| 2110        | Fitness centre   | Different sports services and premises, e.g., gym, group exercise premises.  |             |             | Point |
| 2120        | Gym  | Gym equipment, etc. Size specified in properties.  |             |             | Point |
| 2130        | Weight training hall   | Equipped for weightlifting and boxing. Size specified in properties.   |             |             | Point |

|             |  |  |             |             |       |
|-------------|--|--|-------------|-------------|-------|
| 2140        | Martial arts hall                            | Hall for self-defence sports, e.g., wrestling, boxing. Size specified in properties.   |             |             | Point |
| 2150        | Gymnastics hall                              | A gymnastics hall connected to another building. Size and height specified in properties.  |             |             | Point |
| <b>2200</b> | <b>Sports halls</b>                          |  | <b>2000</b> | <b>2200</b> |       |
| 2210        | Sports hall                                  | Building containing facilities for various sports or the main sports area can be split into smaller sections. Hall size varies between app. 750 - 4999 square meters. Includes indoor activity parks with facilities for multiple physical activities. |             |             | Point |
| 2220        | Multipurpose hall/arena                      | Significant competition venue for various sports, >=5000 m2.   |             |             | Point |
| 2230        | Football hall                                | Hall intended for football. Surface material, number and size of courts specified in properties.   |             |             | Point |
| 2240        | Floorball hall                               | Hall primarily intended for floorball. Number of courts and surface material specified in properties.  |             |             | Point |
| 2250        | Indoor skatepark                             | An area for skateboarding, roller-blading, BMX biking, etc.  |             |             | Point |
| 2260        | Badminton hall                               | Hall intended primarily for badminton.   |             |             | Point |
| 2270        | Squash hall                                  | One or more squash courts. Number of courts specified in properties.   |             |             | Point |
| 2280        | Tennis hall                                  | Number of courts specified in properties.  |             |             | Point |
| 2290        | Petanque hall                                | Hall intended for petanque.  |             |             | Point |
| 2295        | Padel hall                                   | One or more indoor padel courts. The court has an artificial grass surface and its measurements are 20 x 10 metres. The walls must meet the requirements for the sport. Height given in 'properties'.  |             |             | Point |
| <b>2300</b> | <b>Indoor venues for various sports</b>      | <b>Sports premises in connection with other building</b>   | <b>2000</b> | <b>2300</b> |       |
| 2310        | Stand-alone athletics venue                  | Stand-alone, not in an athletics hall. Venues specified under properties.  |             |             | Point |
|             | Indoor running track                         | Permanently built, >= 60 m   |             |             |       |
|             | High jump venue                              | Space permanently equipped for high jump training  |             |             |       |
|             | Long jump / Triple jump / Pole vault venue   | Space permanently equipped for long/triple jump or pole vault training   |             |             |       |
|             | Venue for training throwing sports           | Space permanently equipped for throwing sport training   |             |             |       |
| 2320        | Artistic gymnastics facility                 | Space permanently equipped for artistic gymnastics.  |             |             | Point |
| 2330        | Table tennis venue                           | Space permanently equipped for table tennis.   |             |             | Point |
| 2340        | Fencing venue                                | Space permanently equipped for fencing.  |             |             | Point |
| 2350        | Dance studio                                 | Space permanently equipped for dance or expressive movement exercise.  |             |             | Point |
| 2360        | Indoor shooting range                        | Permanent indoor shooting range.   |             |             | Point |
| 2370        | Indoor climbing wall                         | Indoor space equipped for climbing. Also bouldering venues.  |             |             | Point |
| 2380        | Parkour hall                                 | Indoor space equipped for parkour.   |             |             | Point |
| <b>2500</b> | <b>Ice-skating arenas</b>                    |  | <b>2000</b> | <b>2500</b> |       |
| 2510        | Training ice arena                           | Number of fields, heating, changing rooms, etc., specified in properties.  |             |             | Point |
| 2520        | Competition ice arena                        | Includes bleachers, whose size is specified in properties. Number of fields, heating, changing rooms, etc., specified in properties.   |             |             | Point |
| 2530        | Speed-skating hall                           | Hall intended for speed-skating. Size > 333.3 m.   |             |             | Point |
| <b>2600</b> | <b>Bowling alleys</b>                        |  | <b>2000</b> | <b>2600</b> |       |
| 2610        | Bowling alley                                | Number of alleys and service facilities in properties.   |             |             | Point |
| <b>3000</b> | <b>Water sports facilities</b>               |  | <b>3000</b> | <b>3000</b> |       |
| <b>3100</b> | <b>Indoor swimming pools, halls and spas</b> |  | <b>3000</b> | <b>3100</b> |       |
| 3110        | Public indoor swimming pool                  | Hall with one or several swimming pools. Number of pools and water surface area is requested in properties.  |             |             | Point |
| 3120        | Swimming pool                                | Individual swimming pool, often in connection with other buildings.  |             |             | Point |
| 3130        | Spa  | Versatile spa with rehabilitation or wellness services. Water volume and number/types of pools specified in properties.  |             |             | Point |
| <b>3200</b> | <b>Open air pools and beaches</b>            |  | <b>3000</b> | <b>3200</b> |       |
| 3210        | Open-air pool                                | Water treatment system.  |             |             | Point |
| 3220        | Public beach                                 | Public beach, EU bathing beach. Rescue equipment, a notice board, a waste bin, and a toilet are available. The quality of the water is monitored and the area is maintained.   |             |             | Point |
| 3230        | Swimming site                                | Small public beach or swimming site. Rescue equipment and a notice board are available. The quality of the water is monitored and the area is maintained.  |             |             | Point |
| 3240        | Winter swimming area                         | Winter swimming area may be located in an ice hole, open water or open air pool. Winter swimming area is marked as its own sports facility.  |             |             | Point |
| <b>4000</b> | <b>Cross-country sports facilities</b>       |  | <b>4000</b> | <b>4000</b> |       |

|             |   |  |             |             |       |
|-------------|---|--|-------------|-------------|-------|
| <b>4100</b> | <b>Ski slopes and downhill ski resorts</b>  | <b>Ski centre with one or more ski slopes and a ski lift. Services specified in 'attribute data'. The individual venues are listed under the ski resort.</b> | <b>4000</b> | <b>4100</b> |       |
| 4110        | Ski slope                                   | Ski slopes, half pipes and other slope structures.   |             |             | Point |
|             | Luge slope                                  | Slope intended for lugging. Slope length, vertical and lift info specified in 'attribute data'.  |             |             |       |
|             | Snow pipe                                   | Half-pipe or superpipe. A tube intended for snowboarding, etc.   |             |             |       |
|             | Mogul ski slope                             | Mogul ski slope built yearly.  |             |             |       |
|             | Freestyle take-off ramp for ski-jumping     | Large take-off ramp built yearly.  |             |             |       |
|             | Stunting slope                              | Slope intended for downhill skiing, on which different take-off ramps, rails, boxes, presses, etc., structures, are built yearly. Also called ski park.      |             |             |       |
