EBSCO

EBSCO: Hakujen tallennus

- Luo MyEBSCO-käyttäjätili / kirjaudu
- MyEBSCO > Recent Activity > Valitse tallennettava haku > Save
- Tallennetut haut: MyBSCO > Saved

The screenshot displays the EBSCO MyEBSCO interface. At the top, there is a navigation bar with links for 'New search', 'Browse by', 'Research tools', and 'Links'. A 'MyEBSCO' button is located in the top right corner, highlighted by an orange arrow. Below the navigation bar, the user is logged in as 'JYVASKYLÄN YLIOPISTO AVOIMEN TIEDON KESKUS' and is searching in 'APA PsycInfo'. The search query is '(DE "Animal Assisted Therapy" OR DE "Equine Assisted Therapy") AND XB (child* OR youth OR adolescent*)'. The 'Recent activity' section shows a list of searches. The first search, labeled 'S2', is selected and has a 'Save' button next to it, which is circled in red. Below the search list, there are buttons for 'Combine with AND' and 'Combine with OR'. At the bottom, there are buttons for 'Find all my search terms' and 'Apply equivalent subjects'.

EBSCO: Hakustrategian dokumentointi

- MyEBSCO > Recent Activity > Valitse raportoitava(t) hakustrategia(t) > Download > Valitse haluamasi tiedostomuoto > Download > Hakustrategia latautuu koneellesi

The screenshot shows the EBSCO MyEBSCO interface. At the top, there's a navigation bar with 'New search', 'Browse by', 'Research tools', and 'Links'. The user is logged in as 'MyEBSCO'. Below the navigation bar, the search history is displayed. A search entry is selected, and a 'Download' dialog box is open. The dialog box shows the search query: '(DE "Animal Assisted Therapy" OR DE "Equine Assisted Therapy") AND (child* OR youth OR adolescent*)'. The user can select a format for the download: PDF (selected), MS WORD, CSV, XML, RTF, or TXT. The 'Download' button is visible at the bottom of the dialog box.

...ing review of equine-assisted therapies on the mental health and well-being of autistic *children* and adolescents: Exploring the possibilities.

by: Cleary, Michelle; West, Sancia; Thapa, Deependra Kaji; +4 more • In: Issues in Mental Health Nursing, Sep 2024, volume 45, issue 9, pages 948-960 (13p) • APA PsycInfo

Animals are increasingly being utilized to assist with therapies for people with various health conditions. Horses are often used as a mechanism of engagement and development for autistic *children* and adolescents. Horses offer a unique opportunity for interaction as the *child* or *adolescent* can physically ride and interact wil... [Show more](#)

Terms and Conditions

ProQuest provides this export tool to support the workflow of advanced researchers engaged in specific research activities that require access to and review of their complete set of search results (up to 20000 records).

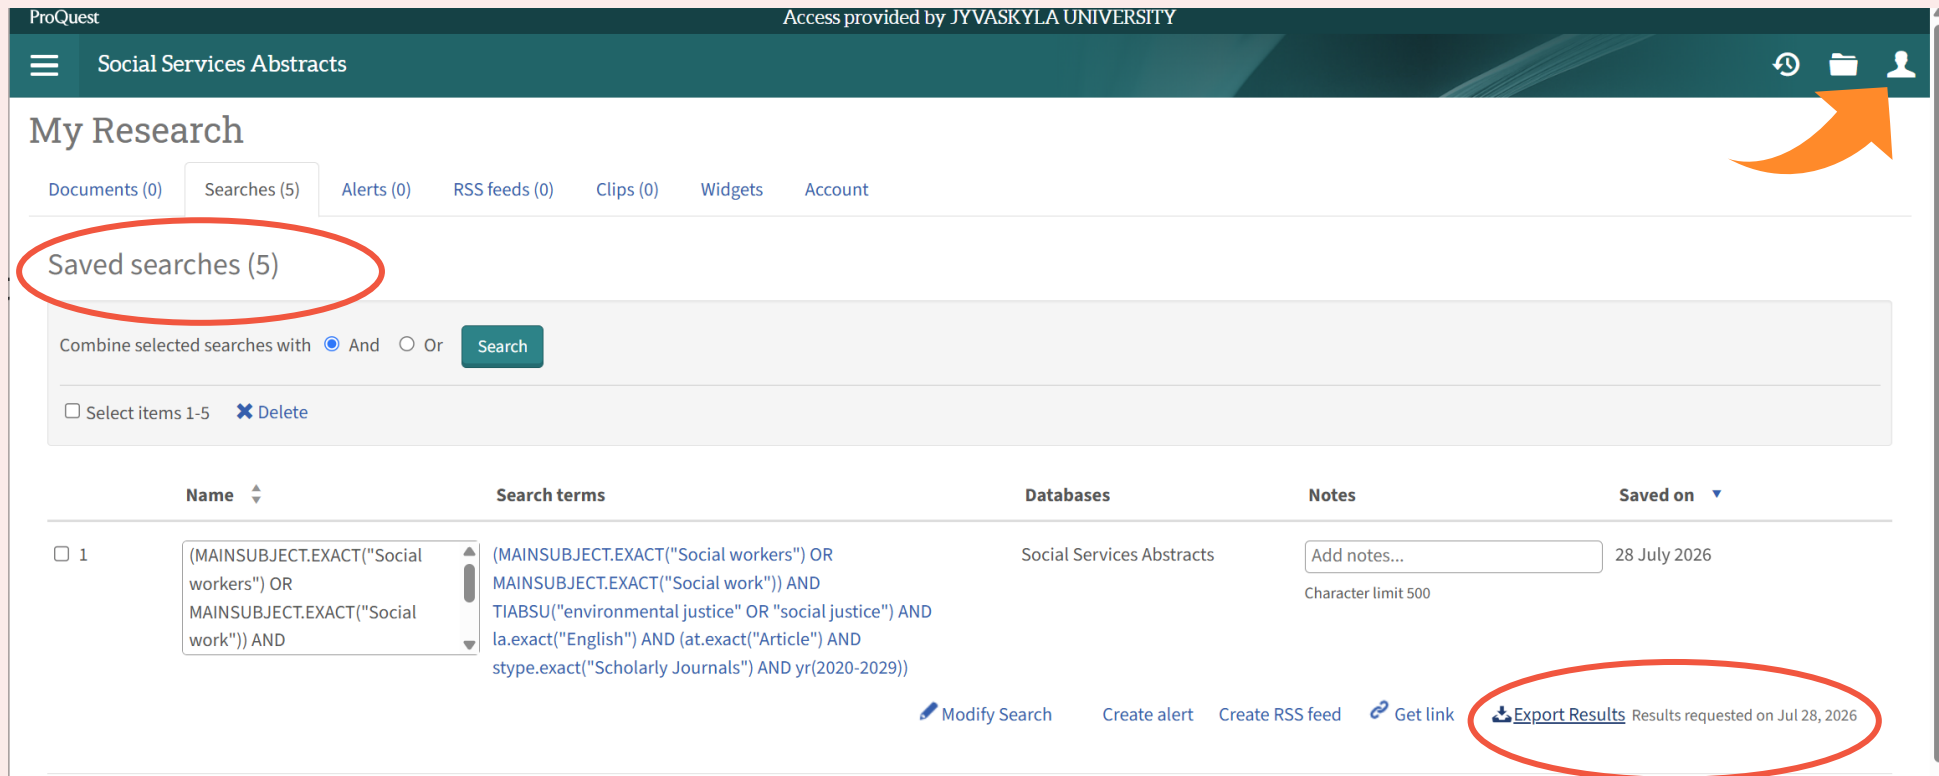

The data provided via the export tool is restricted to the private use of the researcher for research purposes and remains subject to the [Terms and Conditions](#) for the use of the ProQuest Service. The researcher shall not:

- Publish this data in any manner that will infringe the copyright or other proprietary rights of ProQuest or its licensors;
- Provide access to this data to any unauthorized third party, including a school, library, organization, or user;
- Use the data to text mine, data mine, or harvest metadata from the Service;
- Remove any copyright and other proprietary notices placed upon the data by ProQuest or its licensors;
- Create a collection of materials comprising all or a material subset of the Service, in any form; or
- Use this data to create products or perform services which compete or interfere with those of ProQuest or its licensors.

SCOPUS: Hakutulosten lataaminen RIS-tiedostona

- Hakutulossivu > All > Select all > Export > File types: RIS / Reference managers: Zotero (RIS)
- What information do you want to export? > Vähintään: Citation information & Abstract & keywords
- Tiedosto latautuu koneellesi

The screenshot shows the Scopus search results page. At the top, there is a search bar and navigation links. Below the search bar, an advanced query is displayed: `TITLE-ABS ("algorithmic discrimination" OR "algorithmic bias") AND TITLE-ABS-KEY ("artificial intelligence" OR AI OR "machine learning" OR "deep learning") AND (LIMIT-TO (LANGUAGE, "English")) AND (LIMIT-TO (SRCTYPE, "j")) AND PUBYEAR > 2019 AND PUBYEAR < 2027`. The search results show 2,074 documents found. The 'Export' button is circled in red. A dropdown menu is open, showing options for file types (CSV, RIS, BibTeX, Plain text) and reference managers (Mendeley, Refworks (RIS), Zotero (RIS), EndNote (RIS)). The 'RIS' option is selected.

The screenshot shows the 'Export 2,074 documents to RIS' dialog box. It explains that the RIS format is used for exporting references from Scopus to a reference management tool (e.g., Zotero, EndNote, RefWorks). It states that up to 20,000 documents can be exported in RIS format. The 'Export Processing Time' section shows 'All documents on this page' selected. The 'What information do you want to export?' section has several checkboxes. The 'Citation information' and 'Abstract & keywords' sections are checked. The 'Citation information' section includes checkboxes for Author(s), Document title, Year, EID, Source title, Citation count, Source & document type, and DOI. The 'Abstract & keywords' section includes checkboxes for Abstract, Author keywords, and Indexed keywords. The 'Bibliographical information' section includes checkboxes for Affiliations, Serial identifiers (e.g. ISSN), PubMed ID, Publisher, Editor(s), Language of original document, Correspondence address, and Abbreviated source title. The 'Funding details' section includes checkboxes for Number, Acronym, Sponsor, and Funding text. The 'Other information' section includes checkboxes for Tradenames & manufacturers and Conference information. At the bottom, there is a 'Select all information' link, a 'Save as preference' checkbox, and an 'Export' button.
