

**CONGRATULATIONS, YOU
HAVE BEEN AWARDED A
DOCTORAL STUDY RIGHT!**

During the **ORIENTATION
WEEKS** you will learn about
the guidelines for doctoral
studies and how to complete
your studies.

SUPERVISORS are there to
support you from the very
beginning of your studies
until your doctorate. They
will guide your dissertation
research, help you plan
your studies and provide
support in many other
areas.

Do you have questions about the
curriculum, credit registration, enrolment,
or something else related to your studies?
The **SUPPORT FOR DOCTORAL STUDIES
TEAM** can help. Ask about doctoral studies
in HelpJYU service portal!

Time to check the
situation or need for
further advice? You can
always ask a **FOLLOW-UP
GROUP** meeting!

Do you need IT support, information on
open science, services provided by the
University of Jyväskylä career services and
internationalisation support services or
something else? The different units of
University Services and the Open Science
Centre can help!

The dissertation examination process
begins - all aboard!

The Support for Doctoral Studies
team will guide you through the
various twists and turns of the
administrative process.

Supervisors will support you in
finalising your dissertation and the
custos will assist you in organising
the public examination event (public
defence).

**CONGRATULATIONS
ON YOUR
DOCTORATE!**
